Re: Cambridge Eye Care Program

Date: February 13, 2008

Cambridge Eye Doctors has generously provided Town of Saugus employees with the option to participate in a vision care program aimed at making eye care more affordable. This program does not replace any existing coverage you may have through your GIC health plan; it serves only to give those employees (and family members) without vision coverage the opportunity for eye care at a reduced rate. For more information, please pick up a pamphlet at one of the following locations:

School Administration Building
Department of Public Works
Public Safety Building
Town Hall (Personnel Office)
